

FOX-WOLF BASIN HYDROLOGIC DATA

DAILY LEVELS AND FLOWS

The US Army Corps of Engineers collects and disseminates this data. Flows in the Wolf, Upper Fox, Little Wolf, and Waupaca Rivers are calculated from stage data using rating curves. Flow data for the Fox River at Appleton are provided by the USGS. Flow data for the Fox River at Wrightstown are provided by Kaukauna Utilities. All data are provisional. Blanks indicate data that are missing or not yet available.
